2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or fairly suggest an apparatus for smoothing a rotatable workpiece, comprising a base plate with a movable block having an extending arm with a roller at its tip, a moving means for moving a mobile member that is attached to the arm, wherein a polishing tape having means for taking up and feeding the tape through the roller to advance the tape around the mobile member to press the tape against the workpiece, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
